

BAND CONVEYOR BELTS

FEATURES

- Standardized kit consisting of the drive head, the sections and the end of the belt.
- Modular tapes that adapt to customer needs.
- As they are modular, their installation is very simple, and the customer can assemble them himself if he wishes.
- Hygienic and very easy to clean thanks to its design with side drains.
- Standardized kit consisting of the drive head, the intermediate sections and the end of the belt.
- Made of carbon or stainless steel.
- Drum motor drive (optional adapted to the customer's gearbox)

- Strip widths and straight sections ranging from 100 mm to 4000 mm according to customer requirements.

- Optional and customised side guides.
